

Section 504 Student Eligibility Determination

Name	<input type="text"/>	Date of Meeting	<input type="text"/>		
School	<input type="text"/>	Date of Birth	<input type="text"/>	Grade	<input type="text"/>

Your student was referred to Arlington Public Schools 504 Eligibility Team. In order to be eligible for services under Section 504, a student must have a physical or mental impairment that results in a substantial limitation in one or more major life activities/bodily functions.

Based on an analysis of the evaluation data, the District 504 Eligibility Team has come to the following consensus:

- The student is not eligible under Section 504.
- The student is eligible under Section 504. The school's team (including parent) will meet within 30 days to develop a plan.
- The student is eligible under Section 504 but does not currently require a 504 Plan because:
 - Corrective effects of mitigating measures are effective
 - The impairment is episodic or in remission

As a parent, you have the right to examine records relevant to this decision. If you have any questions, please contact the Building 504 Coordinator. If you disagree with this decision, you should file a written Notice of Appeal with the District's 504 Compliance Coordinator within 15 calendar days from the time you received written notice of the 504 Committee's action(s).
